

Foundation Relations: It's More than Just Grant Writing
Jennie Kauerz Dawe, Children's Hospital Colorado Foundation

Jennie Kauerz Dawe is Philanthropy Director of Foundation Relations at Children's Hospital Colorado Foundation. She began at Children's Colorado in 2001 as a Special Events Manager. From there she has had roles covering Annual Giving, Major Gifts, Donor Relations, Campaign Management and Special Projects. By far, her favorite niche of philanthropy is foundation giving.

Jennie began her fundraising career working in the Office of Colorado's Governor, Roy Romer. She went on in the field of development with the Democratic Party, The Children's Museum of Denver and Universal Concerts/House of Blues.

Jennie received her Bachelor's degree from Colorado College and Masters from Regis University. Jennie is a Colorado native who loves big blue skies and appreciates that our state has more sunny days than any other! She lives with her husband - an Aussie by birth (and attitude) - vibrant first-grade twin daughters, and an overly exuberant Whoodle (that's a dog).
